General Advisor Notes:

Bachelor of Arts (BA)

A BA requires that one of the three required Nat Sci/Math courses have a lab. Also, the BA requires that a student reach the fourth level of proficiency in one foreign language. <http://www.ku.edu/~language>

Bachelor of General Studies (BGS)

The BGS requires neither a natural science lab nor a foreign language. Student's pursuing a BGS can choose either to complete a junior/senior concentration which requires 9 hours of 300+ level classes in a department outside of the student's major or a minor totaling at least 18 hours in a department outside of the student's major.

Minor Requirements:

Requirements for the minor vary, but all must be at least 18 hours including 12 hours at the junior/senior level (numbered 300 and above). Nine of the junior/senior-level courses must be taken in residence at KU. Up to 3 hours of credit may be used to fulfill requirements for both the major and minor. Students may not be awarded a minor unless they have completed at least one course for the minor after the date the minor was approved by College Assembly. Successful completion of a minor requires a minimum KU grade-point average of 2.0 in all courses taken for the minor. For requirements for each minor, see the CLAS department section of this catalog. The following minors are approved as of February 2008:
