### **Other Activity or Information**

#### Publications

Based on the American Psychological Association (APA) Ethical Principles and Code of Conduct (2010; Standard 8.12), authorship credits on the following publications indicated that I performed substantial contributions to the works listed. For each publication listed, these contributions included (A) conceptualization of the work, (B) substantial original writing, (C) methodological design, (D) data analyses, (E) data collection, (F) editing of the

work, (G) obtaining funding for the project, and/or (H) supervision or mentoring of any of the above. For each of the works below, these contributions are noted with these corresponding letters. Also, consistent with APA Ethical Standards, the order of authorship on works listed reflects the relative scientific or professional contributions of the authors involved. Consistent with APA standards, students are listed as principal author on publications resulting from their doctoral dissertations, master's theses, and research tasks. In these cases, contributions to the work by me may have been more substantial than what is indicated by my relative position in the order of authorship. Notation of (I) represents invited works.
